WELCOME TO THE 7th EXECUTIVE SEMINAR:

MEETING THE CYBER SECURITY CHALLENGE

Business Sweden, together with The Hague Security Delta, InnovationQuarter and the Embassy of Sweden, are organizing the 7th Cyber Security Challenge in the Benelux with the overarching theme, ***"Continuous evolution: the rising strategic and operational risks of cyber attacks"***. The seminar is a direct continuation of last years' events which centered on the significance of looking at cyber security both from operational and strategic viewpoints. The objective of the seminar is to stimulate vibrant exchanges of knowledge and experiences between Sweden and the Benelux region pertaining to the continuous evolution taking place in cyber space focusing on the rising strategic and operational risks attributed to cyber attacks.

29 NOVEMBER 2017, 09.00–17.30
